Capacity Building on Business Plan Development and Market Linkage Building of Micro-enterprises of the Persons' with Disabilities (PwDs)

Program Name	Capacity Building on Business Plan Development
Program Venue	Mahila Sablikaran, Kuthrod
No of Participants	Male-13, Women-12 , Total- 25
Date	24-06-2017 to 27-06-2017
Program Aim	The major objective of the training programme was that the block ,clustercoordinators and PWDs showed full confidence that after getting training they shall be able to prepare business plan of any type of activity whether individual or collective enterprise.
Program Description	<p>Day -1</p> <p>The training programme commence with introduction of participants and resource persons Mr Rajendra Gautam and Mr. Sanjeev , share the design of the training, its objectives and step by step process of training. The participants are framed some rules with consensus for the training so as to ensure smooth delivery of training and creating greater atmosphere for sharing and cross-learning.</p> <p>Mr. Gaurav Jain, State Head of Sightsavers for Chhattisgarh state led focus on role of the training in deciding future strategies of enterprise development of the PwDs in the state. This was followed by stock taking of various interventions done by GRIHINI team in different blocks, key progresses and challenges. This also included the different enterprises and their status. After presentation of four groups, key bottlenecks were identified so that they can be discussed in detail and solution could be sought for their resolution.</p> <p>After reviewing the progress made so far, the first session covered the concept of business plan, its various dimensions and importance in the context of microenterprises and the process of business planning right from conceiving ideas for business to rolling out the business.</p> <p>In the second session, the participants learnt various important terminologies which are commonly used in business world so as to become familiar about the same and understanding their role in business planning and operations. Under this session, along with different useful terminologies related to business, the participants also learnt calculation of Working Capital and Break Even Point for micro-enterprises.</p> <p>The third sessions covered various components of business plan, business planning process and orientation on template of business planning. Detail discussions were done on different components of business plan so that the participants could understand business plan development.</p>

Day-2

Second day started with recap of key learnings of day -1 and plan for the second day. The doubts of the participants were cleared about the learnings of day – 1.

Four groups of the participants were formed around four key enterprises identified in four different blocks. The group involved Block Coordinators, Cluster Coordinators and key member of the enterprises. Before going for preparation of business plan the participants were oriented about the excel format of business plan prepared for calculation, the group prepared business plan of their respective enterprise and made a presentation. They were given feedback by the resource persons and fellow participants. Key data gaps were identified in the business plan prepared by the group and check list is prepared that shall be verified during the field visit next day.

Day – 3

Day three started with recap of the learnings of day – 2. The participants prepared key questions and discussion point on financial aspect and design aspect that to be asked with the member of the enterprises. In addition to this, they were again cleared the design and management aspects of the enterprise such as procurement process for the raw materials, human resource planning and management, financial planning and management, production process, marketing channels and marketing management processes adopted by the enterprises. This would give them ideas about incorporating these components in the business plan being prepared by them. Also, understanding the linkages with design of an enterprise and business plan and thereby bringing in efficiency in the business operations.

The four group members visited and had detail discussions with the PWDs who have initiated entrepreneurial activities and tried to various dimensions related to business planning and management and relate the same with the design part of enterprise.

Based on the learnings and discussions, the participants revised the business calculations that they are done before going to field.

Day – 4

Each group first revised the financial assumptions based on the discussion held with the enterprise members and then prepared detail business plan including management aspects of the enterprises.

Detail discussions were done on each business plan, financial planning and management processes of the enterprises. Each group agreed to give the business plan final shape in two weeks and share with the resource persons of ILRT so that they can finalized and put before the financial institutions for providing funding support.

Feedback At the end of the training programme, seeing the educational background of the PwD members who were also attending the training oral feedback were taken rather than written in feedback form.

The participants showed overall satisfaction related to the training and pointed out that meeting with the group enterprises and developing business based on field realities helped them a lot to design the business

and manage it. The major output of the training programme was that the block and cluster coordinators showed full confidence that now onwards they shall be able to prepare business plan of any type of activity whether individual or collective enterprise.

At the end of the training programme a group photo was taken. This was followed by vote of thanks.

Capacity Building TOT for Potential DPO leaders to prepare a pool of 30 master trainers (leadership & Advocacy).

Program Name	Capacity Building TOT for Potential DPO leaders
Program Venue	Mahila Sablikaran, Kuthrod
No of Participants	Male-13, Women-16, Total- 29
Date	27-06-2017 to 01-07-2017
